**Andre Mehmari, piano**

**November 13**

**André Mehmari** embodies the creative soul of Brazil.

His music has no boundaries or adjectives. So much so

that it may encapsulate an unheard harmonic evolution that travels many centuries in an arrangement of an aria from Monteverdi to an improvisation that is the best of the best in the realm of jazz

and popular instrumental music. He plays a harpsichord with the same ease with which he writes for an orchestra, seeming to increase the scope of his instrumental

writing as the decades of life progress.

Made possible by a grant from the Schoolcraft College Foundation.
